

## **WISH LISTERS**

If there's something you've been looking for at yard sales, antique malls or shops of all kinds, but are unable to find, maybe we can help – let us know.

Members of the NC Native Plant Society, for instance, are always visiting local nurseries and those selling North Carolina native plants. There are also many small nurseries and retail outlets for herbs and plants of all kinds in and around Iredell County.

If you're having trouble finding something – anything at all -- especially an NC or Iredell County item, they'll be glad to put it “on their list” and keep an eye out for you.

The **“Viewers Like You Heading”** on the front page can be used for listing plants, too. for you.
